Dr. Edelmann attended the University of Pennsylvania for her undergraduate education. She obtained her BA in Biology summa cum laude in 2009. She then attended the University of Pennsylvania School of Veterinary Medicine, where she graduated first in her class with her VMD in 2012. Her veterinary training continued with a one-year rotating internship in small animal medicine and surgery at North Carolina State University (2012-2013), followed by a three-year residency in comparative ophthalmology at Cornell University (2013-2016). Dr. Edelmann became a Diplomate of the American College of Veterinary Ophthalmologists in 2016.

GSVS is centrally located in Tinton Falls, NJ, approximately 1/2 mile east of the Garden State Parkway.

From Northern New Jersey
Take the Garden State Parkway south (or the New Jersey Turnpike south to Exit 11 to the Garden State Parkway south). Continue on the GSP (either the local or express lanes) to Exit 102. After exiting the Parkway, bear right off the exit ramp onto Asbury Avenue. Approximately 1/2 mile from the exit ramp make a left onto Pine St. The Hospital will be directly in front of you.

From Southern New Jersey
Take the Garden State Parkway north to Exit 100B. Upon exiting the Parkway you will be on Route 66. Take Route 66 to the first light, make a left at the light (Jumping Brook Road). After the left turn, bear to the left onto Essex Road. Take Essex Road to the end (traffic light), cross over Asbury Avenue and Essex will become Pine St. The Hospital will be directly in front of you.

From New York
Take the Holland or Lincoln Tunnel to the New Jersey Turnpike south. Follow the Turnpike to Exit 11, Garden State Parkway south. Continue on the GSP (either the local or express lanes) to Exit 102. After exiting the Parkway, bear right off the exit ramp onto Asbury Ave. Approximately 1/2 mile from the exit ramp make a left onto Pine St. The Hospital will be directly in front of you.

From Brooklyn, Long Island, Staten Island
Take the Verrazano Bridge to the Staten Island Expwy. Follow the SI Expwy. to the Outerbridge Crossing. After the Outerbridge Crossing take the Garden State Parkway south (either the local or express lanes) to Exit 102. After exiting the Parkway, bear right off the exit ramp onto Asbury Ave. Approximately 1/2 mile from the exit ramp make a left onto Pine St. The Hospital will be directly in front of you.

A French proverb states, “The eyes are the windows to the soul.” It is therefore not surprising that we connect with our pets through gazing into their eyes. Since we spend so much time looking into our pets’ eyes, ocular problems are often noticed promptly. Our pets can suffer from the same ocular conditions seen in humans – everything from corneal ulcers, uveitis, glaucoma, masses, to cataracts and more. The eyes can also be the first sign of a more serious systemic disease. To give our pets the best quality of life, it is important that these issues are addressed quickly whenever possible.

Michele Edelmann, VMD, DACVO, is our newest ophthalmologist within the GSVS family of specialists. She strives to preserve vision and maintain comfort. We are excited to be able to help you care for your pet’s eyes.
